FOR YOUR CONTINUED SUPPORT**

**ur Message.....James & Kathleen Perri  
Secretary/Treasurer and Publishing Editor**

We have had many requests for a Membership List for the National Birmingham Roller Club. We have been asked to include telephone numbers by most people so that when they travel they can contact their Roller Friends to stop for a visit. The 1995 Membership List begins on Page 10.

The following pages include a few interesting articles which we thought would be an interesting and appropriate addition to this special publication.

We will most likely be printing a Membership List each year about this time and if you have an exceptional item of interest we would be happy to consider it for this publication.

We also would like to include advertising in next year's List, to help defray the cost of printing and mailing. Please think about it!! Details will be published in our regular Bulletin in early 1996.

The following article was sent to us by Paul A. Vaughn, LaGrange, MO. It is interesting to read about the formation and early history of the **National Birmingham Roller Club** (This article was taken from the American Pigeon Journal, 1960) (Editor note: Thank you, Paul, for sharing this information with us.)

A committee of Birmingham Roller fanciers in Los Angeles, California, has formed a national specialty club, which will be known as National Birmingham Roller Club of America. This is the American counterpart to a successful National Club of the same name in Great Britain.

Prominent Birmingham Roller breeders from all over the United States have joined with the California group and volunteered to serve as Officers and Directors of this National Club.

Formation of this specialty club is intended as a step in the right direction of unification of breeding of better performing Birmingham Rollers, the world over, and provide a common medium of exchange of ideas, information, and better breeder stock.

National officers and directors heading this new Club are as follows: President: J. Leroy Smith Vice- President, Bill Pensom; Secretary and Treasurer, C. E. Lutes; Publicity Director, Al Gierach, and Board of Directors include Howard Cully, Russ Harter, Stanley Plona, John Spuria, Hans Roettenbacher and Ralph Hilton.

Organizers of the Club are in the process of

working out details to affiliate with the National Birmingham Roller Club of Great Britain on an International basis.

N.B.R.C. of America will promote kit flying competition, in each region. Also local and national shows will be held.

All Birmingham Roller fanciers are eligible for membership in N.B.R.C. Those who join before the end of 1960 will be considered as Charter Members and originators of the Club. Dues have been set at \$3.00 per year for adult members and \$1.50 per year for junior members (under 18 years). Seamless bands are available to members at 5 cents each, through National Club Secretary.

The American Pigeon Journal will be the principal publication featuring news of N.B.R.C. activities in America.

All persons interested in becoming charter members of N.B.R.C. of America should write to C. E. Lutes, Secretary, N.B.R.C., R.R. No. 1, Box 16, Chicago Heights, Ill.

# NATIONAL BIRMINGHAM ROLLER CLUB Constitution and By-Laws

## PREFACE

The Charter Officers of the National Birmingham Roller Club of America recognized the accomplishments of the original club bearing this name, which was founded in Great Britain in 1934.

It was the desire of the Charter Officers of the American Club to cultivate a feeling of togetherness, with the N. B. R. C. of Great Britain, by sharing of ideas through correspondence, sharing of good birds, and cross showing of outstanding representatives of the breed.

The National Birmingham Roller Club of America was born of a need for a Club to emphasize competitive flying of the Birmingham Roller.

The popularity of Roller shows was evident in all areas, and indicated the continuance of this phase.

Extensive research into the realms of the fancy revealed an abundance of ambitious leadership existed throughout the United States. This information exemplified the need for a system of rotating the election of the officers of the Club to the benefit of all areas of the United States and assuring them of equal representation and recognition.

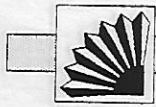

To create a successful sporting club, the cultivation of friendship among the dedicated Birmingham Roller enthusiasts, became most important.

To assure maintenance of all these principles, a sound Constitution and By-Laws was needed.

With these thoughts in mind, and after long deliberation, together with hundreds of years of collective experience, providing counsel, the Constitution and By-Laws were created by Committee, and then accepted by majority vote of the Executive Officers, as being compatible to the successful progress of N. B. R. C.

Adopted May 1st, 1966

Article XV

Effective Date Of Constitution and By-Laws

Section 1. The Constitution and By-Laws herein contained shall be in effect at the time of their adoption on May 1st, 1966.

**Note:** The following rules of competition flying of Birmingham Rollers and the guide for judging them are respectfully submitted, in addition to the Constitution and By-Laws.

**N. B. R. C. Rules of Competition Flying of Rollers.**

1. A kit of young birds should consist of twenty. A kit of old birds should consist of twenty five.
2. Duration of flight for young birds is 15 minutes. Old birds 20 minutes.
3. The contestant is allowed a maximum of two minutes to get his birds into the air and call time for judging to start. At the expiration of 2 minutes, however, the judge shall automatically call time and start judging.
4. The entire kit must fly the prescribed time or else the kit is disqualified.
5. As soon as the kit has flown the prescribed time, judging will cease. The kit is not required to be down at any given time after the competition period.
6. No one is allowed near the loft during the competition except the judge and timekeeper. They should check the kit before liberation, to see that all birds are banded properly and determine if the required number of birds is correct.
7. Any obvious attempt to interfere with the progress of the kit while in competition, will disqualify same.
8. The birds should fly closely together in a compact kit and perform. Any bird or birds which are flying away from the kit causes others to be out of competition until such birds return to the kit. Example: If one bird is away from the kit say about 10 feet or more, the balance of the kit is temporarily out of judging until the outflitter returns to the kit, at which time judging can recommence. Turns can, only be scored when the entire kit is in close contact with each other.

9. "Full Turns" count when the entire kit is performing in unison and close together. A three quarter turn counts when three fourths of the birds perform in unison, and in close contact with each other. Half turns score in the same manner.
10. Nothing beats a "full turn". For example: Any combination of half turns and three quarter turns cannot be added up and be called "full turns". The kit which scores the largest number of "full turns" wins the fly. If no "full turns" are scored, then the largest number of three quarter turns can win, etc. Should a tie exist in the number of "full turns" scored, then the tie can be broken by comparing the number of three quarter turns scored by the kits involved in the tie.
11. The judges and timekeepers are elected long before the competition and each fancier knows in advance, the time of day he has drawn for the liberation of his birds.
12. Style of kitting and flying should be commented upon. Steady, compact flying is required for best results.
13. When the young bird series are over, all birds can be flown in the old bird series.
14. The judge will leave a copy of his decisions on leaving the premises.
